## 2 CIVIL CASES ARE DISPOSED IN COURT HERE

Juries were drawn for two civil cases in Adams County court this morning, but neither had anything to do.

First drawn was the jury for the trespass action brought by Mrs. Elizabeth M. Finney, Harrisburg, against the G. C. Murphy Co. as a result of a fall about five years ago in which Mrs. Finney suffered a broken hip. The fall allegedly occurred in the local G. C. Murphy Store.

After the jury was drawn attorneys conferred with Judge W. C. Sheely during a recess, when it was determined that Dr. George Berkheimer, Harrisburg, the physician who had treated the 81-year-old Mrs. Finney, could not be present, it was decided to continue the case to the February term of court and the jury was dismissed.

## ASSUMPSIT ACTION

Next drawn was the jury for the assumpsit action brought by the Mann Insurance Agency, Miami Beach, Fla., against Bruce Hoffman, Littlestown R. D., over an insurance matter. Attorney Eugene R. Hartman, representing Mann Insurance Agency, noted that Lawrence Mann, the principal witness, could not come here from Miami Beach today and asked the court to admit his testimony as given in a prior hearing in the case as if his testimony were being given today. The court agreed. Attorney Donald M. Swope, representing Hoffman, then said that Mann's testimony, if it were the same as the last time, did not make out a case against Hoffman and moved that the court direct a compulsory nonsuit — dismissing the case. The court agreed, and thus the second jury was dismissed with nothing to hear.

With both cases scheduled for today thus disposed of the court adjourned until Tuesday.

Other business before the court today included the appointment of Attorney Gerald Walmer in the divorce action of Betty J. (Krousher) Davis against Lester P. Davis.

# NEGROES FREE AFTER RACIAL IMPRISONMENT

ATLANTA, Ga. (AP)—Negro integration leader Dr. Martin Luther King Jr. was the only sit-in demonstrator still in jail today following last week's racial trouble in which 80 persons were arrested.

Fulton County (Atlanta) authorities said King had been ordered held by suburban DeKalb County in connection with a suspended 12-month sentence for driving without a license. Other demonstrators charged with violating Georgia's 1960 anti-trespass law were permitted to sign their own bonds.

King was arrested Wednesday during the first day of mass sit-ins and picketing at downtown stores. The demonstrations continued Thursday and Friday.

## ONE-MONTH DELAY

On Saturday Negro leaders agreed to call off all demonstrations for 30 days while Mayor William B. Hartsfield tried to negotiate a settlement with white merchants and the Negroes.

After the conference the mayor ordered the immediate release of 22 Negroes and 7 white youth arrested on city charges of looting and disturbance and sentenced to 10 days. Charges against 16 other persons were dismissed earlier.

Municipal Judge Charles E. Webb said that after the mayor's action he called Sheriff T. Ralph Grimes and asked that 40 others held for state law violations be permitted to sign their own bonds.

## ISSUES ORDER

Judge J. Oscar Mitchell of DeKalb County issued a restraining order for King to show cause why the remainder of a 12-month suspended sentence for driving without a license should not be served. He said part of the condition of suspension was that King should not violate any state laws during the period.

Hartsfield said a representative of Democratic presidential candidate John F. Kennedy had called asking the mayor to try to obtain King's release. The call was confirmed by Pierre Salinger, Kennedy's press secretary, who said the Massachusetts senator had directed that an inquiry be made in the hope "a satisfactory outcome can be worked out."

# SETS UP CITIES FOR ILLITERATE IN NEAR EAST

By NORMA GAUHN

NEW YORK (AP)—At 80, Mrs. Welthy Fisher looks a trim 60 and follows a schedule likely to exhaust a lively 20-year-old.

She stopped off in New York recently to celebrate her birthday, an occasion marked by congratulations from such notables as the Dalai Lama, Herbert Hoover, Helen Keller.

The day before Mrs. Fisher had flown in from Bogota, Colombia. The day after she set off alone on a 6,000-mile cross country speaking tour.

## EATS YEAST

"I take yeast sometimes," says Mrs. Fisher, whose brown hair is only lightly streaked with gray. "But I get my real energy from enthusiasm."

This tireless octogenarian's enthusiasm is for World Education Inc., the organization she founded to help teach India's millions how to read and write.

Her late husband was the Methodist bishop of Burma and India in the 1920s. Mrs. Fisher herself founded a school for girls in China and taught there for 10 years.

## PROMISE TO GANDHI

"I promised Mahatma Gandhi I would do something for his people," she recalls.

Out of that promise came Literacy Village, which Mrs. Fisher set up at Lucknow in 1953 with "half a bungalow, a blackboard and three straw mats."

Soon a similar village was established in Pakistan. American foundations and clubs gave help. Now more than 5,000 Indian teachers have been trained to take basic education to some million and a half of their countrymen.

India has 500 million illiterates. But Mrs. Fisher says the program's aim is not just to teach reading and writing.

## LEARN MANY THINGS

Community development is the vital thing. People learn about agriculture, child care, nutrition, sanitation along with their A-B-C's."

Mrs. Fisher gestures vigorously while explaining her goal: "Peace isn't something that can be bought with money or munitions. It comes from goodwill between people—and that only comes from understanding."

"Americans must realize people of other lands want the same things we want—to be well fed, well housed and given a chance at higher opportunities. We must treat them as equal races and help them at the grass roots to learn how to achieve these things—not just hand them a million dollars for a housing project."

## PROUD OF KIT

Mrs. Fisher is proud of the literacy kit she designed which CARE now distributes. It contains alphabet charts, primers, slates, pencils, a rolled up blackboard, chalk and eraser.

"But the greatest thing," she says, "is a battery powered lamp in the kit; 25 pupils can sit around it and see to read and write. It's invaluable in villages where there are no lights after dark."

In December Mrs. Fisher plans to set out for Africa to help set up a literacy training program in Tanganyika. Then she'll return to her adopted home in Lucknow.

## HONORED WITH SCROLL

Heading for next appointment, Mrs. Fisher pauses at the door of her memento-crowded Manhattan apartment. She points proudly to a Chinese scroll illustrated with a crowing cock.

"The girls at the school in China gave me that. It's a little poem for me"—Mrs. Fisher reads the Chinese characters:

"In the autumn of your life, you are still announcing dawn."

OUT IN STYLE—M/Sgt. Robert O. Mayo rode a horse 37 years ago to enlist in the cavalry in Alabama. Upon retirement, he left Eglin AFB, Fla., in similar fashion.

# Expect Record Vote November 8

WASHINGTON (AP)—Next month's presidential election may bring out five million more voters than the 1956 contest between President Eisenhower and Adlai E. Stevenson.

An Associated Press compilation of estimates from state officials and political experts in the 50 states indicated a record 67 million votes next month from the 84 million eligible to cast ballots. The 1956 presidential race drew 62,027,040 votes from an estimated 80 million eligibles.

The figures were based on actual registrations in states which require advance listing of potential voters, and on voting habits and surveys in those states which have no registration requirement. The Census Bureau said 107 million persons will be old enough to vote, but many either will not meet eligibility requirements or will not bother to cast their ballots.

## KOUFAX FANS 'EM

LOS ANGELES (AP)—In the last four years the National League strikeout record has been tied or broken six times and each time Sandy Koufax of the Los Angeles Dodgers has been one of the pitchers involved. # MAY ARRANGE FIFTH DEBATE

By JOE F. KANE

WASHINGTON (AP)—The major presidential candidates have agreed to try to arrange a fifth televised debate but disagree on whether it should be limited principally to the Cuban issue.

Vice President Richard M. Nixon and Sen. John F. Kennedy, in a sharp exchange of messages on the Cuban situation, said they were assigning representatives to try to work out details for another encounter.

Nixon, the Republican candidate, proposed a "debate in depth" on the Cuban situation. He said the question could be stated, "What should the United States government do about Castro?"

The vice president did not say he would debate only on Cuba. But he told Kennedy that "unbiased observers agree" that the last two debates in some instances have become repetitious in covering subjects brought up previously.

Kennedy replied that he would "be pleased to discuss the whole record of Cuba with you," but said any further debate should cover many other subjects including, he said, "correcting any distortions made in the closing days of the campaign."

# ASK REVIEW ON BIBLE LAW

WASHINGTON (AP)—The Supreme Court today ordered a Philadelphia court to reconsider a decision that reading the Bible and reciting of the Lord's Prayer in Pennsylvania schools violates the U.S. Constitution.

The high court based its action on a change in the old Pennsylvania law requiring the Bible reading and prayer.

The new law, unlike the old one found illegal, provides that students at the request of their parents may be excused from participating while the Bible is being read and the Lord's Prayer recited.

The Supreme Court vacated the judgment of a special three-judge federal court in Philadelphia holding the old law unconstitutional.

The high tribunal sent the case back to that court "for such further proceedings as may be appropriate" in light of the new law.

# Coal Producers To Aid Governors

WASHINGTON (AP)—A voluntary association of nine governors designed to fight economic problems in the Appalachian Region has received a pledge of support from the coal industry.

Joseph E. Moody, president of the National Coal Policy Conference, offered the support Saturday.

The conference is composed of bituminous coal producers, the United Mine Workers, 33 coal carrying railroads, major coal burning utilities and mine machinery producers.

States taking part in the Appalachian organization which was formed last week are Pennsylvania, North Carolina, Maryland, Virginia, West Virginia, Kentucky, Tennessee, Alabama and Georgia.

# QUICK TAKER FOR BIG WAGER

PHILADELPHIA (AP)—A Republican official's offer to bet \$25,000 at two to one odds that Vice President Richard M. Nixon will carry Pennsylvania has had a quick taker.

The offer was made Sunday night by Philip T. Sharples, chairman of the party's state finance committee.

Early today the challenge was met by Milton J. Shapp, chairman of the Pennsylvania Committee of Business and Professional Men for Kennedy and Johnson. Sharples said he proposed the bet to try to scotch reports that Pennsylvania will give its 32 electoral votes to the Democratic presidential nominee, Sen. John F. Kennedy.

He offered to donate any money he might win to the Damon Runyon cancer fund.

Dr. Johnson's temporary duty gave Dr. Bernquist a leave of absence for rest and language study.

## "ANOTHER HALLOWEEN"

Another Halloween is here . . . with all its special joys . . . it is a time of happiness . . . for little girls and boys . . . who don the mask of make-believe . . . to go in search of loot . . . and I must here and now confess . . . the kids are mighty cute . . . all kinds of costumes dot life's scene . . . from skeletons to clowns . . . causing older folks to wear . . . broad smiles instead of frowns . . . Madam and Mister Pumpkin glow . . . in windows everywhere . . . to make our hearts feel light and gay . . . expelling every care . . . I think of Halloweens now past . . . when I was just a kid . . . oh, how I long to join the fun . . . and do the things I did . . . but I must make myself content . . . to view the changing scene . . . that brings me fondest memories . . . each time it's Halloween.

SAYS VOTE CAN  
BE LANDSLIDE

WASHINGTON (AP)—Pollster George Gallup says the presidential race is still very close but there is enough voter uncertainty to "bring a colossal landslide to either man."

Major shifts have occurred in the final few weeks before each of the last three presidential elections, Gallup said in a copyright interview published today by the magazine U.S. News & World Report.

Unlike many previous elections, he said, "there is a great lack of enthusiasm for either" Vice President Richard M. Nixon or Sen. John F. Kennedy, and many voters leaning toward either could be shifted to the other.

Putting the estimated total vote at 70 million, Gallup said he finds about 3.5 million potential voters undecided—about the same as in the last two elections.

But he described as a "terribly important" factor the possible shift of another 5 million "who say they do not feel strongly about their choice."

A large group of officers held a secret meeting in Camp Leopold II last week and decided to ask President Joseph Kasavubu to promote Boboso to general, making him outland Mobutu and giving him the command permanently.

appear to be still maintaining effective command.

Screaming troops, threatening with loaded rifles and using the butts as clubs, Sunday put the police in Leopoldville to flight and took over the African quarter of this city of 300,000. The night before they reportedly fell into a fight with villagers a few miles out and killed 10 Africans.

HANDS-OFF POLICY  
United Nations forces were maintaining a hands-off policy. There were no signs of the Ghanaian U. N. police who were supposed to have helped maintain order here.

With nothing to check them, the soldiers, their uniforms often stained with beer, beat up and robbed civilians at will and tore clothes from African women. They set up road blocks and put out heavily armed patrols, which became more and more unruly as the stifling day wore on.

Reports of similar anarchy came from other parts of the country. In Stanleyville, capital of Oriental province, soldiers murdered and arrested their officers, according to the report reaching here.

RICE SCORES  
GOP BOARDS  
AND TAYLOR

HARRISBURG (AP)—Vice President Richard M. Nixon is trying to disassociate himself from the Pennsylvania Republican Party in his bid for the presidency, says Democratic State Chairman John S. Rice.

In a weekend statement, Rice said state billboard advertising for Nixon and his vice presidential running mate, Henry Cabot Lodge, omit the word Republican.

"The billboards carry large pictures and headlines of Mr. Nixon and Mr. Lodge but nowhere do we find a word or phrase to encourage voters to support the Republican Party of Pennsylvania," Rice said, adding:

REJECTING IDEAS  
"Is this because Mr. Nixon and Mr. Lodge know more and more Pennsylvanians are rejecting the politics-first, people-never brand of Republicanism as it is played by (Senate president pro tempore) M. Harvey Taylor and his powerful lobbying allies?"

He contended that Republican state legislators come to Harrisburg "to serve Harvey Taylor, not their constituents back home."

In another weekend statement, the state's labor and industry secretary said the Vice President is trying to mislead Pennsylvanians on the issue of area redevelopment.

"WILLFULLY MISLEADING"  
In a speech at Paxinos in Northumberland County, William L. Batt Jr., said:

"When Mr. Nixon tried to make believe that the watered down (Eisenhower) Administration bill, providing less than a third as much as the Douglas-Kennedy-Clark-Flood (area redevelopment) bill (\$80 million as against \$251 million), would allocate more money or even as much for any single area, he is willfully misleading the people of Pennsylvania."

Batt said the administration measure ruled out aid for these areas, where unemployment now runs from between 6.5 and 10.5 per cent: Indiana, Clearfield-DuBois, Oil City-Franklin-Titusville, Sayre-Athens-Towanda, St. Marys-Emporium, Meadville, Butler, Pittsburgh and Williamsport.

## REPUBLICAN~DEMOCRAT

By JACK BELL

WITH NIXON IN PENNSYLVANIA (AP)—Vice President Richard M. Nixon said today he intends to "pour on the coal" in a vigorous effort to win industrial states to his side in the presidential contest.

The Republican nominee left Washington early today on a whistle-stopping tour of doubtful Pennsylvania, West Virginia, Ohio, Michigan and Illinois—with a scheduled detour in Iowa. He left behind assurances to his supporters that they "haven't seen anything yet" in intensive campaigning.

"These are the two weeks in which people make up their minds," Nixon told a crowd which assembled in Washington's Union Station to see him aboard his special train.

## TO POUR IT ON

"Whatever has happened up to this point," he said, "you haven't seen anything yet. 'I understand this is a diesel train, but I am going to pour on the coal from now on.'"

This was interpreted aboard this 16-car special train as another indication that the vice president is convinced the only way he can wrest the presidency from his Democratic opponent, Sen. John F. Kennedy, is to take the offensive until Election Day.

## CRITICAL TRIP

The vice president's advisers were conceding it is possible they are behind right now in the bidding for New York's 45 electoral votes. But they think they are ahead—and Democrats dispute this—in the contest for California's 32.

This situation makes Nixon's trip through the northern industrial tier a critical one. Here he must charm enough voters, in states which have had a recent habit of going Democratic, to make up for the possible loss of New York. Harry S. Truman won without New York. No Republican has done it for a long time.

Asks Session On  
Nuclear Tests

UNITED NATIONS, N.Y. (AP)—Poland pushed a proposal today that the U.N. General Assembly hold a special session on stopping nuclear tests if no agreement is reached by next April 1.

The assembly's political committee looked to Yugoslav delegate Dobrovoje Vidic for insight into the thinking of some neutral delegations working on a compromise disarmament resolution.

The 99-nation committee expected British Minister of State David Ormsby-Gore to give a full explanation of Britain's approach to disarmament—the idea of having technical experts study inspection problems.

Vidic, Ormsby-Gore and Ukrainian Foreign Minister Luka F. Palamarchuk were listed to speak in the committee's continuing debate on various disarmament questions.

FIND BOMB IN  
PENNSY DEPOT  
PHONE BOOTH

NEW YORK (AP)—A bomb was discovered today in Pennsylvania Station, one of the world's busiest railroad depots.

The bomb was found in a telephone booth on a lower level used by the Long Island Rail Road.

Police, mindful of four bomb blasts in the city in recent weeks, ripped off the area while a bomb squad went to work to remove the device.

Wrapped in brown paper and containing what appeared to be two flashlight batteries, it was suspended by a piece of twine from a table board under the telephone.

A man, who was not identified, spotted the device at 9:45 a.m. and reported it to station officials. They reported it to police.

The phone booth is near Long Island Track 21.

## PROBE BOAT BOMB

The discovery came as police were investigating a bomb explosion Sunday aboard a ferryboat on a run from Manhattan to Staten Island.

Police were placing increased stress on the possibility that the bomber was among the 118 passengers aboard.

The blast was the fourth in the city in recent weeks—three on Sundays and one on the Columbus Day holiday. Nobody was hurt in the latest explosion.

Police had questioned all the passengers upon their arrival at Staten Island from Manhattan, then released them.

But, shortly after midnight, decheck into the backgrounds of all the passengers. The object was to determine whether any had been questioned after the other explosions or whether any had records of violence.

The police conceded, however, that the bomb may have been planted by somebody who left the ferryboat before it departed from Manhattan.

The bomb exploded when the ferry was about midway on its run to Staten Island.

It apparently was set off by a burning fuse. Police found no evidence in the debris of any metal timing device.

When stuffed olives are used to garnish a dish, they may be sliced and the slices arranged in an attractive design.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
ONE HUNDRED YEARS AGO

**Democrats, Rally Against The Enemy:** A cordial rally for the whole Democratic party, may, by zealous and well-directed efforts, enable us to turn back the foul and turbid tide of Black Republicanism. It is, at all events, worth a trial. One battle does not, as it did in Pagan times, decide the fate of a nation. One defeat did not conquer Washington, and induce him to renounce the Revolutionary struggle. He persisted after successive disasters and for seven years, until success crowned his efforts. We owe it to our country, as patriots, to oppose this formidable enemy.

**A Mammoth Turnip:** Mrs. Henry Steiner, of Franklin township, placed on our table, one day last week, a mammoth turnip, measuring 20 inches in circumference and weighing four pounds strong! This is the "Whopper" of the season. Can anybody beat it?

**Wide Awakes:** The Star admits that the Wide Awake justification here on Friday evening a week was a "fizzle." It says there were but "a out 80 Wide Awakes in the procession." Our count was 72—so the Star for once comes pretty near the truth. It will be recollected that an "immense demonstration" of Wide Awakes was promised, and we know that the work went out to the country the day after the nonsensical performance that from 400 to 600 Wide Awakes had been in the line!

**New Postmaster:** B. W. Riley, Esq., formerly of this county, has been appointed postmaster at Middleburg, Carroll county, Md., in the place of John Crouse, resigned.

**SEVENTY-FIVE YEARS AGO**  
**Indiana Monuments:** Tomorrow representatives of the six Indiana organizations will erect monuments as follows: The 19th regiment will erect an imposing cottage monument, 4 feet square at base and 12 feet high, at the head of the Springs Lake, where Col. W. W. Dudley, commanding, was wounded. It is a Barre, Vt., granite, surmounted by large granite ball, has red beech granite 1st corps badge inlaid on front of the die, on its four sides has full historical data. Built by Whitehead and Wright, of Indianapolis.

**Settled:** A. F. Cronise, of Biglerville, whose store was destroyed by fire, was insured for \$6,200 in the Royal Company of Liverpool, and the London and Lancashire company. They refused to pay and Mr. Cronise brought suit in the U. S. Circuit Court at Philadelphia. The case was called for trial on Tuesday and settled by defendants paying \$4,250 and costs.

**Hagerstown Fair:** The pickpockets drove a high game at the Hagerstown Fair on Thursday. Probably \$2,000 in cash disappeared through their light fingers, to say nothing of the loss of valuable papers. Mr. George Weaver, of this place, had his pocket picked, the sum lost being between four and five dollars. The pocket book was subsequently found.

**John Holtzworth Jr.** has left Philadelphia for Chambersburg, where he goes into the Holtzworth barber shop to do tonsorial work and ladies' hair dressing in which he is said to have acquired a high reputation.

## Today's Talk

**REASONS FOR LIVING**  
The more complicated civilization becomes and the more confusing the affairs of the world, the greater is the time for living. For it is at such times that things are in motion!

There is impetus where there are problems to be solved and construction to be put under way. People grow careless and lag when things are running too smoothly.

It is only under great stress that men strive and sweat. Be glad if you have to work hard and long. Everyone who has ever risen high has had to go through just that. Historic times are those that have tried men's souls. The big character is he who has "come out of the fire."

With much to do, there is much to live for. We all have our aches, our pains, our discouragements, our times of deep loneliness, our bitter disappointments—as well as our fine instances of inspiration and happiness. We are each of us about as human as the other fellow.

But all of these are our reasons for living and playing out the game bravely to the end. I am not a believer that this life is nothing but a "vale of tears," and that we are going to be handed happiness in some heaven that is absolutely perfect after we have left our tasks here and now. I believe that both heaven and hell are right in our midst. Happiness is heaven. Hell is unhappiness. Each has its degree of bigness. The more we serve, the happier we are. The more we hinder, the unhappier we are.

Just remember that when there are so many things in motion, you have dozens of chances to pick out the tasks that best suit your ability and your desires.

Tomorrow Mr. Adams will talk on the subject: "Forget It!" Protected, 1960, by The George Matthews Adams Service

**Just Folks**  
**OCTOBER**  
Of all the twelve months in the year, when it's October, then I vow October is the best God has designed for men.

The sere and yellow leaf is not the only thing I see,  
Nor is the meaning of the wind a funeral dirge to me;  
Nor do I sigh,  
And wonder why  
The song bird's tunes are stilled;  
But I rejoice  
And raise my voice—  
With fruits my cellar's filled.

I don't begrudge kind nature sleep  
Nor fret because the leaves  
Are dropping slowly one by one.  
I'm not the kind who grieves  
Because the air is biting now,  
I'm thankful, yes, and glad  
For May and June, the summer  
time and all the joys I've  
had,  
And every night,  
I take a light,  
When all the house is snug,  
And down I go  
Where well I know  
The cider waits my jug.

Why should I grieve because it rains,  
And skies are dull and gray  
And why repine because outside  
all charms are put away?  
Why should I fret because the  
time has come to light the  
fires,  
When in my cellar deep is stored  
all joys that man desires?  
Nay, nay, my friend,  
My prayers ascend  
In gratitude today;  
I'll thankful be  
He sent to me,  
The fruits I've stored away.

## Plump Teacher Is Head Of Nudists

LONDON (AP) — A plump, middle-aged schoolteacher has been elected Britain's No. 1 nudist, but she's keeping it a closely guarded secret from the kids in her class.

Muriel Clark became the first-ever woman president of the British Sun Bathing Association at the nudists' centrally heated annual meeting here last week.

"It's a great honor," she said. "But, oh, dear, what would the children say?"

"And what will the parents think? Some of them are a bit funny. They can be rather sensitive about things like this, you know."

To help keep her secret Miss Clark refused to reveal her address or the name of the school at which she teaches.

"Education authorities might not like the idea of a teacher who is also a nudist," she said. "It's my bread and butter."

"I've been a sun bather since I was a child," she told reporters. "My parents brought me up to the life."

## 250 SCOUTERS PLANT TREES

Ten memorial trees in observance of the 50th anniversary of founding of the Boy Scouts of America were planted by units of Conewago Boy Scout District at Camp Conewago, Dick's Dam, during the annual weekend district Jack Frost nature course. A total of 250 Scouts and leaders participated.

Units unable to plant their trees during the weekend are urged to plant the trees this fall.

Winners in the various nature identification divisions included: Fruits, nuts and berries—first, Rocket patrol, Troop 102, and honorable mention, Rattlesnake patrol, Troop 111, East Berlin, and Panther patrol, Troop 85, New Oxford.

An illustrated talk on "Stars and the Universe" was presented by Maj. Earl M. Schmidt, commandant of Air Force Cadets and assistant professor of air science at Gettysburg College, during Saturday night's program.

## Bullets Edge Muhlenberg 14-12 With Fine Defense In Home-coming Contest

Gettysburg College held off two desperation extra point pass attempts and went on to snap a two-game losing streak as the Bullets came up with a 14-12 win over Muhlenberg Saturday afternoon on Memorial Field in a Middle Atlantic Conference game.

Approximately 5,500 homecoming fans sat in ideal autumn football weather and watched Coach Gene Haas and his Orange and Blue team score twice in the second frame to bring their record up to 2-3 on the season. Muhlenberg, also 2-3 for the year, lost its tenth straight grid encounter to the Bullets, but not before putting up a stiff battle.

Gettysburg was the first to claim points on the score board. The Bullets tallied with a minute and eight seconds gone by in the second quarter. The home team gained possession of the ball on its own 35 when Frank Temme, returning to action after a three-week recovery period, recovered Rolie Houseknecht's fumble. The 65-yard drive featured Jack Norwood's 14-yard toss to end Ron Frederick, Eddie Lucas' 14 yards off right tackle and another 11 yard gain by Lucas off left tackle. Lucas then smashed through the line from one yard out to score. Sophomore Joe Murphy booted the extra point.

### INTERCEPTION HURTS

Midway through the second quarter, John Donnemeyer intercepted a Norwood pass and placed the ball on the Gettysburg 27. Houseknecht caught Chuck Kuntzelman with a 10-yard aerial. Three plays through the line and Muhlenberg had the ball on the Bullets' one. Fullback Eddie Yost then crashed over for the score. Kuntzelman passed for the extra point, but Ed Lucas was there to break up the play.

Gettysburg made it 14-6 at intermission by crossing the goal line with 1:36 left in the half. Lance Butler returned the kickoff 21 yards to the Bullets' 48. Norwood tossed to Phil Wargo for 15 yards and Norwood ran an additional 14 to the Mules' 23. Norwood hit Butler for seven yards then capped the drive with a 16-yard aerial to Buddy Goodman who was wide open in the end zone. Again Murphy booted the placement.

It was Gettysburg's defense which turned the trick in the second half. Despite the fact the Bullets could not advance past the Mule 48 through the last 30 minutes of the game, the Orange and Blue defense time and again withstood the visitors' running and passing attack. Muhlenberg controlled the ball for 41 plays compared to Gettysburg's 25 times.

Midway through the third period the Mules rolled to the Gettysburg 14, but two incomplete passes handed the ball over to the Bullets. On four occasions, the Orange and Blue was forced to handle the ball within its own 15-yard stripe.

Muhlenberg finally cracked over for its last score with 1:02 left in the game. The Mules returned a Lance Butler punt to the Gettysburg 34. Donnemeyer and Ray Dymond carried to the 23. After Dymond lost two yards, Yost toted the ball 14 yards to the 11. Yost and Heller picked up three yards. Rolie Houseknecht then fired a pass for eight yards into the end zone to Bob Butz for the score. The Bullets pass defense, playing an improved game, led by Rich Bainbridge, broke up Houseknecht's attempted toss to Wolfe for the extra points.

Three Gettysburg gridgers were selected by the press box poll for their outstanding performance in Saturday's game. Eddie Lucas, who gained 109 yards on 17 carries, was voted the outstanding back of the game. Harry Richter, leading pass receiver, was voted lineman and Bob Duncan, center, received the outstanding sophomore of the game vote.

Gettysburg will be out to even its season record when it tangles with Lafayette in Easton next Saturday afternoon.

## Co-eds Lose First Field Hockey Tilt

The Gettysburg College girls' field hockey team suffered its first loss after five victories when it bowed to East Stroudsburg 2-1 here Saturday.

A goal by Mary Lou Jones in the last half gave the visitors the decision after both teams had scored in the first half. Mary Test tallied the Bullets' goal while Chris Albright scored for the opponents in the opening half. It marked the first game in which the opposition had been able to score against Gettysburg, all of the five victories having been shutouts.

Shippensburg State College will come here for a game on Tuesday.

## CONTROVERSY OVER FIRING OF EDITOR BY PIAA

HARRISBURG (AP)—A controversy revolved today around the Pennsylvania Interscholastic Athletic Association's indefinite suspension of a Hazleton Sports editor as a PIAA official.

Ray Saul of the Hazleton Standard Sentinel said he may go into court to block the suspension. "No matter what happens I refuse to be muzzled by the PIAA," said Saul.

The PIAA, the ruling body of Pennsylvania public school sports, decided to suspend Saul at a meeting of its Board of Control over the weekend.

The action sprung from a column Saul wrote criticizing the PIAA District 11 committee after the Hazleton-Catasqua High School Class A basketball playoff last March 11.

He criticized the committee for scheduling Hazleton to play three games in five nights and on its selection of officials.

The Board of Control said that Saul, as a PIAA official, "should first raise such charges with the organization before issuing public statements."

The PIAA said Saul was given hearings before the District Committee and the Board of Control but "at neither of these meetings did Mr. Saul present any evidence of a substantial character to support the serious charges he first made publicly in his newspaper column."

The Board of Control added that Saul "chose to rely solely upon the ground that as a newspaper reporter he was free to say anything he chose and that nothing he said in a newspaper column or story could affect his right to act as a PIAA registered official."

Informed of the board's action, Saul said from Hazleton that he became a District 11 basketball and baseball official to learn more about the sports he writes about.

He said the ruling didn't affect him much because he was only a part-time official.

In announcing the suspension, the Board concluded: "Mr. Saul is perfectly free to print what he chooses but he has no legal or constitutional right to be retained as an approved official when he violates this duty."

The suspension will continue until such time as Saul is recommended for reinstatement by the district committee, the Board said.

TOKYO (AP)—The San Francisco Giants finally played a winning game today, beating the Japanese All-Stars 1-0 after having lost the first two starts on their 16-game Japan tour.

shutout from masked goalie Gil Mayer, tied the idle Indians with a 3-0 victory over the Providence Reds Saturday night. And the Quebec Aces made it a jam at the top by defeating Buffalo 5-4 on Don Hogan's tie-breaker with 7 seconds left while the Bisons were a man short.

Hershey defeated Rochester 5-2, the Bears' first road victory, and gained a fourth place tie with the Amerks, who suffered their first home defeat.

## IOWA AND OLE MISS EKE OUT GRIDIRON WINS

By ED CORRIGAN

Associated Press Sports Writer  
Uneasy is the head that wears the crown and if Iowa and Mississippi weren't squeamish today as they surveyed the college football scene from the throne they have short memories.

Both the powerful hawkeys, No. 1 in the current Associated Press poll and Ole Miss, No. 2, figure things can't get any tougher after last Saturday's spine-chilling victories.

Iowa beat Purdue, 21-14, with third stringer Dayton Perry providing the winning margin by running 84 yards with an intercepted pass and the Boilermakers threatening to tie it as the clock ran out.

### EDGED RAZORBACKS

Mississippi eked out a 10-7 decision over Arkansas with Allen Green playing Frank Merriwell by kicking a disputed 39-yard field goal on the last play. In fact, he kicked it twice. The first time referee Thomas Bell called time and the play was run over. Green never had kicked a field goal before.

So now Iowa shows a 5-0 record and Mississippi 6-0 with trouble ahead for both.

Iowa has an unenviable task during the next three weeks. This week the Hawkeyes play Kansas (beaten only by Syracuse).

The following week they play Minnesota (undefeated-untied) in the game that could decide the Big Ten title. The next week, they play tough Ohio State, beaten only by Purdue.

### MAY DECIDE TITLE

The Rebels have a date this week with defense-minded Louisiana State, which has given up just 24 points in five games, take a breather against Chattanooga, then face rampaging Tennessee, which has given up just two touchdowns in its five victories. That one could decide the Southeastern Conference championship.

This was the second cliff-hanger in a row for Iowa. The previous week the Hawkeyes got past Wisconsin in the last 52 seconds.

Green's last-gasp field goal touched off a dispute. Arkansas coach Frank Broyles complained that the kick was wide. Almost 24 hours later, he apologized for criticizing referee Bell publicly, but still maintained the kick was wide.

### NAVY IN LINE

If Iowa or Mississippi should falter, defending national champion Syracuse and Navy—which are waging their own private battle for Eastern honors—are waiting in the wings.

Syracuse, voted most likely to succeed itself in the pre-season AP poll, tumbled to third place after four unimpressive victories. But the Orange blasted West Virginia, 45-0, Saturday in their first really big display of power.

Navy, No. 4, blanked Penn, 27-0. Neither West Virginia nor Penn were rated threats. This week Navy meets Notre Dame and Syracuse plays Pitt.

MISSOURI, No. 5, swamped Iowa State, 34-8, for its sixth victory and is smelling the sweet scent of the Big Eight title. Oklahoma has held it a dozen years, but the Sooners are a shell of their old selves.

Minnesota, No. 6, should have no great problem with Kansas State after beating Michigan, 10-0. Baylor, surprise power of the Southwest Conference, has a league game with Texas Christian. Baylor swept to its fifth triumph, a 14-0 decision over Texas A & M Saturday. TCU won't be easy.

### SQUEAKER FOR OSU

Washington, eighth-ranked team in the country, plays Oregon which is fresh from a 20-0 shutout over California. Washington barely got by Oregon State, 30-29.

Ohio State, which hasn't abandoned hopes of winning the Big Ten title, has a date with once-beaten Michigan State. The Buckeyes, rated No. 9, clobbered Wisconsin Saturday, 34-7.

Once-tied Tennessee made a bid to crash the top 10 by crushing Chattanooga, 35-0. Utah State and New Mexico State with six victories each, along with Yale and Rutgers with five apiece, are the only other major unbeaten-untied teams.

Rain Sunday delayed the championship playoff game in the South Penn Baseball League still another week.

Cashtown and Arendtsville, all event at one victory apiece in their three-game set for the playoff title, will try again next Sunday afternoon at Arendtsville.

## BIG "O" LEADS CINCINNATI TO FOUR STRAIGHT WINS

CINCINNATI (AP)—Before the season, Larry Foust of St. Louis said he doubted Oscar Robertson would make it big in the pro National Basketball Association.

Last night the Big "O" was at his do-it-all best for the upstart Cincinnati Royals, scoring 32 points and setting up the plays in a 114-103 victory, over the Hawks, in the only league game scheduled.

And last night, Foust — who couldn't even score in the game — said "I'd say he'll be around for a long time."

### STILL ATOP NBA

The Royals were the league doorman for the last two years. But last night's victory was their fourth without defeat, keeping them easily atop the NBA Western Division.

Robertson and Bob Boozer, the Royals' other Rookie, have helped give the club a characteristic they almost never had last season — steadiness under pressure. The Royals often got whipped in the last quarter.

### OTHER VETERANS

Veteran Royals appear to have gained, too. Phil Jordan, 6-foot-10 but only so-so as a center last season, had a shock last Thursday when his mother died.

But Jordan elected to stay with the squad over the weekend. On Saturday, he led the team with 28 points in a 119-117 victory over New York.

Last night he collected only eight points, but concentrated on defense, snatching off 10 rebounds.

## STATE TEAMS SUFFER ODD GRID SETBACKS

By THE ASSOCIATED PRESS

Emotions must be running the gamut today at places like Drexel, Bloomsburg, Swarthmore, Penn State, Albright, and Pitt. The football took a funny bounce for these teams over the weekend.

Bloomsburg maintained its unbeaten, untied record but almost needed a doctor before beating Mansfield, 27-21. The winning touchdown, a 12 yard pass from Dick Rohrer to Moses Scott came with 10 seconds left to play. There will be no rest for the weary here with East Stroudsburg on deck.

Drexel dropped its fourth straight of the season. The margin was that devil conversion. PMC took the dragons 13-12, kicking the point after its first TD, while Drexel mis-fired on a pass and later a run for two point conversions.

### URSINUS WINS SECOND

Swarthmore a week ago led Hamilton 25-0 at halftime and lost 36-32. This past weekend Swarthmore failed for that two point conversion and lost 26-25 to Ursinus.

Albright won its fifth of the season and ninth straight over a two season period, the longest winning streak in the state. The Lions easily took Scranton, the last team to walk off with an Albright football scalp. The score was 39-6 and Scranton managed only 15 yards net on the ground. Moravian is the next Albright foe.

Penn State, fresh from the heartbreaking Syracuse defeat, had a go at Illinois and lost on a first period field goal. The Illini took advantage of a first period wind advantage for all of their points. Pitt thought it finally found itself against West Virginia last week but had to rally for a 7-7 draw with TCU. Thus the Panthers have lost two games by a total of two points and been tied twice.

### WEST CHESTER ROMPS

Other highlights of the past weekend on the Keystone state college grid front included:

West Chester's 60-0 breeze over Kutztown to remain unbeaten and untied. Jim Pribula, the state's leadinb scorer with 43 points added three TDs, and Joe Iacone continued his great ground gaining with 135 yards on 20 carries. American international is next for the Rams.

Washington and Jefferson scored its first victory in two years, topping Bethany, 20-0. Gene Leposki scored twice and passed for another TD.

### QUAKERS BOWS

Penn bid farewell to Navy—fondly for the Quakers—as the unbeaten, untied Middens rubbed it in 27-0. This was the last in the current series between the long time rivals. Napf power has become too much for the Ivy Leaguers to combat.

Bucknell, led by its fine quarterback, Paul Terhes, beat Lafayette 28-0. Terhes completed 9 of 13

## Canners Suffer First Loss 18-14 When Cadets Click On Long TD Pass

Biglerville High School was knocked from the unbeaten ranks in a stunning upset Saturday afternoon when the Scotland Cadets completed a 53-yard pass play in the waning moments of the game to snatch an 18-14 decision on the Cadets' field. The loss was the first for the Canners after six straight victories. Scotland is now 3-4.

It was apparent from the start the charged-up Cadets would give the Canners plenty of trouble and they were aided by a total of 115 yards in penalties charged against Biglerville, 60 of which came in the first half.

Late in the first period Scotland racked up its first touchdown following a weak Biglerville punt which carried only to the Canners' 32-yard line.

### CADETS SCORE

On the next play Regis Fochler, Cadet quarterback, on a keep-er play rolled out to his right and swept end to streak 32 yards for the score with but 35 seconds remaining in the period. The try for the point failed.

Jack Emanuel's outfit came back strong in the second period to take a 7-6 lead at intermission. It took 10 plays for the Canners to move 55 yards with Don Wright plunging across from the one. Perry Mickey booted the point to send Biglerville in front by a point.

After a scoreless third period both teams tallied in the hectic final period.

Elwood Skillman, Cadet guard, intercepted a Canner pass early in the quarter and ran 30 yards to make it 12-7 with Scotland on top.

### SHORT-LIVED VICTORY

Once again Biglerville came smashing back, traveling 50 yards on but six plays with Ron Wagner climaxing the drive by plunging over from the one. The big play in the advance was a 30 yard pass, Wright to Wagner. Again Mickey converted to give the Canners a 14-12 advantage.

A short time later Scotland turned in its long pass play to snatch the decision. Terrell Parker uncorked a 35-yard aerial to Red Hollinger, end, on the Biglerville 18 from where he dashed across.

Biglerville was on the attack again in the waning moments but the Cadets held determinedly their margin.

The Canners will attempt to get

passes for 126 yards, scored a TD and passed for one. Lehigh bowed to unscathed Rutgers 8-0, although the Engineers threatened inside the 10 in the final minutes.

Ron Puhl caught one pass for a TD and ran for two others in Lock Haven's 33-6 victory over Edinboro and Terry Kerstetter scored both Susquehanna touchdowns in a 13-9 victory over Waynesburg.

The results: 1. Miller, FM, 22:53; 2. Martin, G, 23:14; 3. O'Conner, FM, 23:31; 4. Andrews, G, 23:41; 5. Murray, G, 23:57; 6. Hageman, FM, 23:34; 7. Cummins, G, 24:55; 8. Wilkerson, G, 25:07; 9. Burkholder, FM, 33:04; 10. Heaver, FM, 33:05.

# Nixon And Kennedy To Push Campaign In Keystone State

By THE ASSOCIATED PRESS

Pennsylvania becomes the battleground this week in the stretch drive of the presidential race as both candidates and President Eisenhower, campaigning for the Republicans, visit the pivotal state seeking its all-important 32 electoral votes.

The White House announced on Sunday Eisenhower would come to the Democratic stronghold of Philadelphia Friday on behalf of Vice President Richard M. Nixon, the GOP presidential candidate, and his running mate, Henry Cabot Lodge.

Eisenhower will address a Vol-unteers for Nixon-Lodge rally in the Bellevue-Stratford Hotel. His 30-minute speech starting at 8:30 p.m., EDT, will be carried nation-wide by the ABC Television Net-work.

**NIXON HERE TODAY**

In advance of the rally the president will ride through the streets of Philadelphia.

Wilbur G. Hamilton, chairman of the Philadelphia Republican City Committee, said arrangements for Eisenhower's visit will be conducted by the GOP leaders of the five-county area — Philadelphia, Montgomery, Bucks, Delaware, and Chester.

Meanwhile, Nixon, who toured eastern Pennsylvania Saturday and drew enthusiastic, cheering crowds estimated at more than

150,000, is back in the state today on a whistle-stop tour from York to Pittsburgh.

**LODGE IN PHILA.**

Lodge makes his first visit of the campaign to Philadelphia on Wednesday for a rally.

Sen. John F. Kennedy, the Democratic presidential candidate, will tour Bethlehem, Pottsville, Hazleton, Wilkes-Barre and Scranton Friday.

On Saturday Kennedy will visit the city of Philadelphia and Bucks, Delaware, Montgomery and Chester counties. Nixon campaigned through the same predominantly Republican counties Saturday and climaxed his tour Saturday night with a major speech in Allentown.

**POLL FOR NIXON**

"We plan to carry Pennsylvania," Nixon said in an interview after his Allentown speech.

And, according to Herbert G. Klein, Nixon's press secretary, the public opinion firm of Claude Robinson Inc., of Princeton, N. J., retained by a Republican group, found in the most recent sam-pling that Pennsylvania is 53 per cent for Nixon and 47 per cent for Kennedy.

Nixon said in the interview that if elected he would help Pennsylvania by trying to get through a depressed areas aid bill which would benefit such hard-pressed areas of unemployment as Scranton.

## MR. PRESIDENT by Patrick and Vinmont

FRANKLIN DELANO ROOSEVELT

Born near Hyde Park, New York, January 30, 1882. He graduated from Harvard in 1904, attended Columbia University Law School and was admitted to the bar in 1907. He entered politics in 1910, serving two elective terms as a state senator. In 1913 he was appointed assistant secretary of the Navy. As the Democratic candidate for Vice-President he was defeated in the election of 1920. He then practiced law until his election as Governor of New York in 1928.

Nominated for President and elected in 1932 he was inaugurated the thirty-second President of the United States on March 4, 1933. He was re-elected in 1936, re-elected for a third term in 1940—the first so honored—and in 1944, re-elected for a fourth term.

He entered the White House during the nation's worst economic crisis. Congress promptly acted on measures to counteract the depression and remedy the basic defect. The program was known as the New Deal. His twelve years of administration was concerned with world wide problems. Realizing the danger of war, he built up solidarity among the countries of the Western Hemisphere. Against bitter opposition he put through the first peace-time selective service law.

Faced with world-wide conflict after war had been declared against Japan, Germany and Italy, he traveled abroad and brought together all the enemies of the Axis Powers into the United Nations Alliance. Less than four months after his fourth inauguration he died at Warm Springs, Georgia, on April 12, 1945, aged 63.

### JOHN NANCE GARNER

Born in Red River County, Texas, 1868. He attended the country school and then by study in a law office was admitted to the bar in 1890. In 1895 he was elected judge of Uvalde County. Four years later he was a member of the Texas state legislature. Elected a member of the United States House of Representatives in 1902 he served continuously for thirty years. He was Speaker of the House, 1931-33. Nominated and elected Vice-President of the United States, 1932, and again in 1936. Garner (pictured above) served eight years. He lives in retirement in Uvalde, Texas.

Henry Agard Wallace, Vice-President of the United States 1941-45. Born in Adair County, Iowa, 1888. He served as Secretary of Agriculture 1933-40 and as Secretary of Commerce 1945-46. He was the nominee for President of the United States on the Progressive Party ticket in 1948.

Harry S. Truman, Vice-President of the United States, 1945. He became President on the death of Franklin Roosevelt.

### MRS. FRANKLIN D. ROOSEVELT

Born in New York City in 1884 and educated at private schools, Anna Eleanor Roosevelt, a niece of President Theodore Roosevelt, was married at twenty-one to Franklin Delano Roosevelt, a distant cousin. Her first interests of public significance were with the Consumer's League, the League of Women Voters and the Women's Trade Union League. As a member of Democratic Party committees she assisted her husband in his campaigns and helped organize women Democrats for voting.

In the White House she quickly became a popular hostess with her warm and gracious personality. In addition to her task as First Lady she traveled widely about the country in the capacity of "reporter" for her husband. During World War II, when social activities in the White House were curtailed, she was on missions to England, South America, Australia and other Pacific areas. Soon after her husband's death she was appointed an active delegate to the United Nations General Assembly. Mrs. Roosevelt continues active in humanitarian work.

"It will be a civil war—perhaps another Korea," he warned. "Castro is a mad dog. He must be wiped out."

Santamarina was Cuba's envoy to Britain until he was fired four months ago. Cuba announced he had been "dishonorably dismissed."

## West Virginia Preps For Penn St. Game

MORGANTOWN, W. Va. (AP)—West Virginia's football forces, eads bloodied but unbowed after record 45-0 loss to Syracuse, staged a light workout today to begin preparations for a Saturday clash at Penn State.

Despite the one-sided defeat, WVU Coach Gene Corum today expressed pride in the way his players stayed with the national champions throughout most of the first half.

"I thought we showed our best football of the season in the first half against Syracuse," Corum said. "We played our best against the best. If we give an effort like that every Saturday, there is little I can say in the way of criticism."

The loss, which extended WVU's winless streak to 11 games, was the worst ever suffered by a Mountaineer team on the home gridiron.

## EAGLES UPSET BROWNS 31-29; COLTS BEATEN

By JACK CLARY  
Associated Press Sports Writer  
A month ago who would have imagined:

That the Baltimore Colts would be in third place with two losses in the National Football League's Western Conference while the Green Bay Packers and Chicago Bears would be tied for the lead.

That the Cleveland Browns would rest in third place in the Eastern Conference after opening the season with a 41-24 thumping of the Philadelphia Eagles.

**WINLESS LIONS WINS**  
Yet this is the story today after the Colts Sunday went down to their second loss, 30-17, to the Detroit Lions, winless in three previous starts.

The Packers, who beat the Colts two weeks ago, crushed San Francisco 41-14, while the Bears were held to a 24-all tie by Los Angeles. The deadlock broke a 12-game losing streak for the Rams.

Philadelphia's Bobby Walston kicked a field goal in the final 15 seconds to upset Cleveland 31-29 and avenge that opening day trouncing. The victory moved the Eagles (4-1) into the second place in the East, behind idle New York, which has three wins and a tie.

**WASHINGTON TIES**  
Elsewhere, St. Louis handed

Dallas its fifth loss in as many games, 12-10 while Washington and Pittsburgh played to a 27-27 tie.

The second of Jim Martin's three field goals—a 51-yarder that hit the crossbar and bounced over—broke a 17-17 tie for the Lions after Baltimore quarterback Johnny Unitas had thrown scoring passes to Ray Berry and Jim Mustscheller. His TD toss per game streak went to 42 regular season games.

However, Dick (Night Train) Lane wrapped things up for Detroit when he intercepted a Unitas pass and ran 80 yards for a touchdown.

**BRATKOWSKI STARS**  
The Packers unlimbered a good passing attack to go with the running of Paul Hornung and Jim Taylor. Quarterback Lamar McHan completed 11 of 24 for 183 of their 206 passing yards, while Hornung and Taylor combined for 170 of 249 rushing.

Hornung also scored twice and kicked two field goals and five extra points. Y. A. Tittle passed for both 49er scores.

Chicago quarterback Zeke Bratkowski turned from goat to hero in a few moments when he tossed a 29-yard scoring pass to Angelo Coia for the tie after Ed Meador had intercepted one of his tosses and ran 25 yards to give the Rams a 24-17 lead. Bratkowski also hit Coia with a 15-yard TD toss and Willie Deweall with a 14-yarder.

Walston's 38-yard field goal was set up by a pass interference call and climaxed a brilliant second half offensive show by the Eagles. Norm Van Brocklin riddled the Browns defenses with passes, throwing 57 yards to Tommy McDonald and 8 to Bill Barnes for scores. He hit Walston with a 49-yarder for a TD the first time Philadelphia had the ball. Jimmy Brown ran 71 yards for a Cleveland touchdown and gained 167 yards over all. But the Eagles held halfback Bobby Mitchell to 35 in 14 tries.

**FIELD GOAL HAPPY**  
Gerry Perry's 18-yard field goal in the last 43 seconds after L. G. Dupre fumbled on the Dallas 39 beat the Cowboys. Dupre's TD had put them ahead 10-9 earlier in the period.

The Redskins also needed a last minute field goal — 43 yards by

## Adios Butler Cops Hollywood Feature

INGLEWOOD, Calif. (AP) — Adios Butler, a 4-5 favorite, scored a three-quarter length victory over Bullet Hanover Saturday in the second leg of the \$75,000 American Pacing Classic at Hollywood Park.

Bye Bye Bird, who won the first leg Oct. 15, finished third.

Eddie Cobb drove the 4-year-old Adios Butler over the one-mile course in 1:57 3-5, equalling Bye Bye Bird's winning time.

Cobb held Adios Butler in third position most of the way, took command going into the stretch and built up a two-length lead. John Simpson had trouble getting Bullet Hanover clear of the traffic, but he began cutting down the winner's lead once he was free.

The third heat will be run next Saturday.

## 43 College Elevens Untied, Unbeaten

By THE ASSOCIATED PRESS  
Forty-three college football teams, 11 in the major class, have managed to carry unbeaten records through the first half of the 1960 season.

An Associated Press check today showed the list headed by Iowa (5-0) and Mississippi (6-0), the No. 1 and No. 2 ranking teams in the country.

Mississippi is one of five major teams who have won six games. The others are Missouri, Navy, Utah State and New Mexico State. Besides Iowa, the five-game winners include Syracuse, Minnesota, Baylor, Yale and Rutgers.

Many primitive peoples practice asceticism as a means of acquiring supernatural power. They abstain from food, drink or sleep, or inflict pain upon themselves through winter bathing, whipping or blood letting.

Bob Khayat — to tie Pittsburgh. Bert Rechichar's 44-yard effort with 12 seconds to go bounced off the cross bar after the Steelers had been penalized five yards for delay of the game.

## LIGHT BULB INSTRUMENTAL IN NHL GAME

BOSTON (AP) — A shattered light bulb may have forced Chicago to share first place in the National Hockey League with Montreal.

The bulb was thrown from the Boston Garden stands at 18:16 Sunday night as Boston's Don McKenney broke in alone on Chicago goalie Glen Hall.

The bulb hit the side of Hall's face, bounced to the ice and broke with a bang.

**SETTLE FOR TIE**  
Hall grabbed his head.

McKenney fired low and to the right past the besieged goalie. Chicago, which had taken the lead a minute earlier on Ed Litzenberger's second goal, had to settle for a 2-2 tie and share its top berth with Montreal. Canadiens whipped New York 4-2 while Toronto downed Detroit 3-1.

An infuriated Hall who had waved his stick angrily at the fans following the play just shook his head negatively when asked if he had been stunned. He was so mad he didn't want to say anything.

"It's tough enough trying to play the puck without having to play that damned thing," he said after regaining his composure.

After the smoke had cleared the Blackhawks still were in first, still had lost only one game.

Boston still was looking for its victory in eight starts though Guy Gendron's early goal had stood up for a 1-0 lead for more than 2½ periods.

Montreal snapped a three-game losing streak and threw more goals past Jack McCartan than the rookie had previously yielded. Toronto ended Detroit's three-game winning skein with the help of a disputed goal and a disputed penalty leading to another Maple Leaf marker.

## BLANDA LEADS OILERS TO WIN OVER TITANS

By MIKE RATHET  
Associated Press Sports Writer  
VETERAN George Blanda, a 32-year-old castoff with a decade of pro experience, is powering the Houston Oilers to the Eastern Division title in the American Football League while establishing a batch of impressive individual marks.

The former Chicago Bears' quarterback tossed four touchdowns, scored once on a short plunge and kicked six conversions as the Oilers blasted New York 42-28 Sunday for a 5-1 record and a game and a half edge over the Titans in the Eastern race.

With eight games to go in the AFL's first season, Blanda has a solid hold on the scoring lead with 69 points on 4 touchdowns, 8 field goals and 21 consecutive PATs. He also has pitched 11 scoring aeriels to tie for the top spot in that department.

**N. Y. QB'S INJURED**  
Blanda threw touchdown tosses of 8, 11 and 12 yards to Bill Groman and flipped a four-yarder to Charlie Hennigan in an aerial dennybrook before an estimated 21,000 fans, who saw New York quarterbacks Al Dorow and Dick Jamieson seriously injured.

Dorow, who suffered chest injuries in the first period, tore a ligament in his right knee when he was hurt again in the final period and likely is lost for the remainder of the season. Jamieson will be sidelined indefinitely with a slight shoulder separation.

Meanwhile, the Western Division-leading Denver Broncos came from behind and defeated the Boston Patriots 31-24 to take a one-game lead over idle Los Angeles. The Buffalo Bills overwhelmed the Oakland Raiders 38-9 in the other scheduled game.

**TRIPUCKA PASSES**  
The Titans took an early lead when Dorow hit Art Powell with a five-yard touchdown pass, but Ken Hall ran the kickoff back 104 yards to tie it and Blanda took

over in the second period with a pair of scoring strikes to Groman. Blanda completed 18 of 34 passes for 287 yards in a two-team passing barrage that saw the Titans attempt 44.

Trailing 24-0 in the third period, the Broncos (4-2) pulled ahead with 8:13 to play when Lionel Taylor took an eight-yard touchdown pass from Frank Tripucka. Tripucka also connected with a 21-yard TD toss to Al Carmichael and a 19-yard scoring flip to Bill Jessup within a two-minute span during the comeback. Butch Songin passed for three Patriot (2-4) touchdowns.

Johnny Green tossed 23, 32 and 38-yard scoring passes to Wray Carlton, hit Elbert Dubenion with

a 55-yard TD heave and scored once on a two-yard run as the Bills (2-4) shocked the Raiders (3-4). The lone Oakland touchdown came on Jetstream Smith's one-yard plunge.

BUSINESS IN 3RD QUARTER GOOD AND BAD

By SAM DAWSON  
AP Business News Analyst  
NEW YORK (AP)—You can prove almost anything you want to by the first crop of third-quarter profit reports. And stock traders and politicians will draw the conclusions they favor.

Some of the earnings reports are glowing—and all's right with the world for those lucky corporations.

Some of the reports are dismal. For these companies it doesn't matter whether you call it a recession, or a readjustment, or a squeeze on profit margins—last

year was better.

**BETTER THAN LAST**

The squeezed companies have disheartened Wall Street. But just about as many companies are reporting increased net income after taxes in the summer quarter this year as are revealing declines.

And among those with record or near-record earnings in the third quarter are some of the industrial and utility giants. They weigh the scales heavily, more than offsetting at today's tally the declines reported by many others.

On the whole, the third quarter is giving a much better accounting of itself to date than did the second quarter, when the profit squeeze toppled earnings 12 per cent below the previous year.

**NO CONCLUSIONS YET**

The flood tide of third-quarter reports is expected this week and next. Only when they are in can a reasonably conclusive account-

SAYS 40-HOUR WORK WEEK IS OUT OF DATE

PITTSBURGH (AP) — President David J. McDonald of the United Steelworkers says the 40-hour work week is out-of-date.

He says the USW will go after a 32-hour work week.

"Our intent to seek the enabling legislation in Congress is based on our belief in the needs for the future . . .," McDonald told delegates Sunday at the annual conference of USW District 13.

"There is nothing sacred about a 40-hour week," McDonald said. "It served the needs of its time, much as a flintlock served the needs of colonial times. We can't match flintlocks against missiles, nor can we match outdated economic notions against the onrush

ONE VOTE COULD WIN—YOURS!

No matter how many millions of ballots are cast, it takes only one vote to win a closely contested political campaign. In 1948, for example, our presidential election was decided by one vote in each precinct of just two states. You can see why it's so important for you to vote. That one vote of yours could make all the difference. That one vote could make history.

EVERY VOTE COUNTS—SO STAND UP AND BE COUNTED

JOHNSTOWN, Pa. (AP)—Three men planned to leave Cambria County for Harrisburg today — on foot — in protest of what they call poor highway conditions in the county.

George Wasko and John McQuillen, both of Portage, and Elmer Lauer, of Ebensburg, were to ride to the county line from the bottom of the hill where three girls were killed by a runaway truck last week. From the county line they will walk the 150 miles to Harrisburg.

SIGNS ARE CLEAR

"The signs are very clear that our steel industry — with the aid of many technological changes, commonly called automation—now is perfectly capable of producing all our steel needs on an eight or nine-month operating basis.

"Our industry has the capacity to absorb all the normal wants at this rate. But does our nation have the capacity to absorb the attendant unemployment, the peaks and valleys of such production techniques, or the uncertainties and the insecurities which rule the lives of the millworkers under such circumstances?"

McDonald said he would like to see a "Continuous Prosperity Commission" set up in the federal government with cabinet rank or status.

"With such a commission in being and fully empowered to act," McDonald said, "sorely needed public improvement projects could be put into being in periods of an over-supply of labor and before a so-called 'period of adjustment' could get a runaway start into a full-blown depression."

GOV. LAWRENCE TAKES SWINGS AT GOP STANDS

PITTSBURGH (AP) — Open debate and disagreement on policies and goals strengthen America rather than hurt its image abroad, says Gov. Lawrence.

"There are many inside our nation who would like us to believe that we damage the image of America abroad when we criticize policies, or disagree over goals and methods," Lawrence said in three separate addresses Sunday.

"This, of course, is the most flagrant, and naive, denial of our greatest chief American virtue.

"The true strength and vitality of America — in the minds of both our friends and our enemies in other nations — lies in this very ability that we have to disagree openly, to debate alternatives, and to choose freely."

HAS BUSY DAY

Lawrence had a busy day, addressing the 15th annual American Zionist Fund dinner, the Tri-State United Jewish Appeal luncheon and the United Steelworkers Union District 13 convention.

The governor took a swing at the Republicans in his speech to the steelworkers.

"The Republicans administration tells the American people that our economy is in sound shape," Lawrence said, "but our steel mills are slowed down and some of them are operation at less than half of capacity."

He called the Democratic party the "prophet who does everything in his power to awaken his people, to alert them to the troublesome times ahead, to prepare them for the future and to take them out of the past."

BLAMES SENATE

Turning to the state level, Lawrence said the Republican-controlled Senate has ruined good legislation.

"If this callous political obstructionism were confined to abstract matters of political philosophy, it might be different," he said. "But it is not. It has destroyed and demolished so much good legislation that every Pennsylvania citizen's life today has been stunted to some degree."

Lawrence told the Zionists that the United States' example has encouraged other nations, including Israel, to pursue their own course toward freedom.

PA. MARKETING ADVISORY BDS. TO BE PUSHED

By RICHARD L. GRAVES  
HARRISBURG (AP)—Establishment of marketing advisory boards has been assigned top priority by the Pennsylvania Agriculture Department in its 1961 legislative program.

"These boards, which will represent producers of a particular commodity, will have the power to increase the orderliness of the marketing of our products," Dr. William L. Henning, secretary of agriculture, told The Associated Press.

"The boards may also be given authority by the producers to engage in promotional and educational work," said Henning.

FAILED IN 1959

Legislation to set up such marketing boards died in the Republican-controlled Senate in 1959.

Henning criticized the Senate for blocking the legislation and stripping the department of funds for promotion of farm products.

"This was done in the face of findings by the Pennsylvania State University—in a carefully controlled test — that promotion can increase the sale of agricultural commodities," Henning declared.

The agriculture secretary made the statements in outlining a 13-point program for state agriculture—most of it requiring legislative endorsement.

3-POINT PROGRAM

"One of the greatest tasks in state government is developing priorities so that the most important items receive top priority in

planning and action," said Henning, adding:

"As far as we are concerned, they are: programs to increase farm income; marketing and education."

Under the legislation proposed in the 1959 session, marketing boards would be set up and their authority voted upon by a referendum of producers of a particular commodity. The boards would have authority to engage in promotional and educational work.

OTHER PROJECTS

Other priority legislation would increase proposals to allow the agriculture department to grade live animals offered for sale. The aim of the plan was to allow farmers to be paid more on the basis of grade when he has high quality cattle.

Small watershed development and soil survey programs also would be pressed as part of the priority program.

Other major features of the department's 1961 program:

Expansion of the school milk program and educational and research programs to speed increased consumption of milk.

Stepped up participation by needy families in the surplus food program.

Highway improvement and planning—as related to agriculture—as a means of moving Pennsylvania farm produce to market.

Expansion of public school vocational agriculture programs and post-high school home economics and agriculture education.

Expansion of farm and home economics research and experimental programs.

Encouragement of local and county farm shows, as well as the annual state farm show.

Modernization of food laws.

Long range planning "and positive action to relieve the inequities in land utilization, taxation and evaluation."

IN PENNSYLVANIA YOU PAY 90¢ TAX ON TEN GALLONS OF GASOLINE!

**How Do You Vote?**

I Believe Gasoline Taxes Are Too High!

☐ YES ☐ NO

HOW DID YOU VOTE?  
No matter how you voted, these facts on gasoline taxes are important to you:

**National Increase 1950-1959**

Gasoline Prices **5.5%**

Living Costs **21%**

Gasoline Tax **51%**

**GASOLINE TAXES UP 51% IN TEN YEARS**

- In Pennsylvania, car owners pay 90¢ tax on every 10 gallons of gasoline they buy!
- Gasoline taxes across the nation amount to a 50% sales tax—and that's five times as high as the tax rate on luxuries like diamonds and mink coats!
- Since World War II, there have been three increases in the Federal gasoline tax alone. This brought the Federal tax to 4 cents a gallon, in addition to the State tax of 5 cents a gallon!
- In the last ten years gasoline taxes have skyrocketed 51%—yet the price of gasoline itself has risen only 5.5% during the same period!
- Each year the average motor vehicle owner in this state pays \$67 for gasoline taxes alone. That's just a few dollars less than the average week's pay for most people!

**HIGHWAYS AND GASOLINE TAXES**

Your gasoline retailer, naturally, favors construction of the roads that the motoring public needs. He believes in fair and reasonable taxation for this purpose but feels that taxes on gasoline have now reached unreasonably high levels. He also believes that all special taxes on the motorist should be used only for highway purposes. Yet last year, out of every automobile tax dollar collected by the Federal Government from highway users, more than 40 cents went for non-highway purposes. If these automotive tax revenues were dedicated for highway purposes, there would be no need for the latest increase in the federal gasoline tax.

# TRAVEL IS NEW SUNDAY NIGHT THEME ON TV

By CYNTHIA LOWRY  
AP TV-Radio Writer

NEW YORK (AP)—Sunday evening television is shaping up as a great night for armchair travelers.

There's Ed Sullivan leading an escorted tour of United States cities. Sullivan's technique is to give the audience some shots of his city of the week, let his comic do the monologue in a real night club and a girl singer warble in front of a handsome view or landscape. But, at base, it's the same vaudeville show, with changing background.

Dinah Shore is on a globe-trotting kick, too, very possibly because the producers decided it was time to get out of that old format requiring a song, a sketch, a production number—all done in a studio.

## ALL TRIED HARD

The result is—or at least it was Sunday night—a variety show featuring the native dancers of Fiji and Tahiti. There were native dancers, beating drums and the sequences were obviously filmed in faraway places. But then, woven through all this, was Miss Shore, dressed up like Nellie Bly and obviously photographed in Hollywood, trying hard to inject a bit of cohesion, gaiety and a spot of song into the proceedings.

Everybody was trying hard, but frankly when I yearn for a travelogue, I'll tune in "Expedition," not a musical variety show.

## BENNY IS BACK

Jack Benny, that smooth old pro, is back with a weekly half-hour show this season, and he fills the 30 minutes as if they were hand-tailored to his talents. His guest Sunday night was Dick Clark and the theme was teenagers. It was an amusing show. Even the well-telegraphed windup was funny. Benny, Dennis Day and Don Wilson, dressed up in exaggerated Kingston Trio style, earnestly tore into a rock 'n' roll number called "Slip, Slop and Slide."

One of the problems about rock 'n' roll music is that you can't tell whether it's a real song or a gag, but I suspect "Slip, Slop and Slide" will make the top 10 in the record business before Thanksgiving.

Shirley Temple's effort Sunday night was "Little Men," which in book form was a weak successor to Louisa May Alcott's "Little Women." Dramatizing this saccharine, stodgy and cliché-laden story didn't help it any. It was too dull to appeal to grownups. It was too stilted and slow-moving to appeal to youngsters—particularly when on another network there was a Walt Disney show on magic.

# IKE FLYING TO MEXICO; TO AID GOP DRIVE SOON

By MARVIN L. ARROWSMITH  
PALM SPRINGS, Calif. (AP)—President Eisenhower makes a goodwill visit to Mexico today after arranging for a major personal role in the Republicans' home-stretch drive to elect the Nixon-Lodge ticket.

Eisenhower, who relaxed in this Southern California resort area over the weekend, flies to Laughlin Air Force Base at Del Rio, Tex., and then travels by automobile just across the U. S.-Mexican border to Ciudad Acuna to spend about two hours with Mexico's President Adolfo Lopez Mateos.

After the meeting with Lopez Mateos, Eisenhower will fly on to Houston, Tex., for an address this evening at Rice Institute. That will conclude the President's round of speeches on a cross-country tour he started a week ago today.

## DEMOCRATIC CHARGES

This current tour into five states has been labeled nonpolitical by the White House. But Eisenhower has been meeting with Republican politicians all along the way and he has been accused of campaigning—under the nonpolitical banner—by Vice President Richard M. Nixon, the GOP presidential candidate, and his running mate, Henry Cabot Lodge.

The camp of Sen. John F. Kennedy, Democratic nominee for the White House, made that accusation on the basis of Eisenhower's speech in San Francisco last Thursday night. The White House declined comment at that time.

The President now has an

Clair M. Jacobs (right) is shown being congratulated by Brigadier General D. E. Breakefield, commanding general of the Letterkenny Ordnance Depot, near Chambersburg, for 25 years of service as a federal employee.

Jacobs' employment began in August, 1935, with the Federal Works Programs performing statistical and budget work for the Federal Relief Administration. From March 1, 1943, to September 30, 1951, he was employed at Letterkenny. On October 1, 1951, he was transferred to the Naval Supply Depot, Mechanicsburg. On August 1, 1955, he returned to Letterkenny to accept the position of budget officer, the position in which he has served continuously since that date.

Jacobs resides at Arendtsville.

nounced plans to go, as he put it to reporters over the weekend, "into the political field" for major speeches in New York and Pennsylvania, both crucial areas.

## PLANS DISCLOSED

With the contest hot for New York's bloc of 45 electoral votes and Pennsylvania's 32, these plans were disclosed:

1. Next Friday evening the President will address a Volunteers for Nixon-Lodge rally in Philadelphia at the Bellevue Stratford Hotel. His 30-minute speech starting at 8:30 p.m., EDT, will be carried nationwide by the ABC television network.
2. On Nov. 2, six days before the election, Eisenhower, Nixon and Lodge will speak at a big rally in New York City's Coliseum. That bid for votes will be on coast-to-coast radio as well as TV.

# COMB PARIS FOR ALGERIAN TERRORISTS

PARIS (AP)—Squads of French police combed Paris today for Algerian terrorists who fought a brief small-scale war in the heart of the capital against special Moslem police recruited to suppress them.

Two of the terrorists were killed and seven of the Algerian policemen wounded in the battles Sunday night, all in the old student and artists quarter on the Left Bank of the Seine.

Five police posts were attacked with grenades, machine guns and pistols. Terrorists in cars cruised the area, shooting at any policeman in sight.

## FREE IN TAXIS

When police reinforcements arrived, the Algerians fled. Some commandeered taxis to make their getaway.

Later police swooped down on 10 Left Bank hotels and rounded up 70 Algerians for questioning.

The biggest engagement came on the busy Avenue de la Gare in Montparnasse, a section where many expatriate Americans live. Before the Algerian gunmen fled, two of their number were killed and five of the police auxiliaries were wounded.

The other casualties resulted from the attack on another police post not far off.

strike settlement was a major victory for the company and a setback for the union and its president, James B. Carey. The settlement was almost identical with GE's pre-strike offer and apparently was influenced by IUE's earlier acceptance of a contract with the Westinghouse Electric Corp.

Major losses to the union were the elimination of a cost-of-living escalator clause and the acceptance of a three-year contract instead of the two-year pact it had pressed for.

"Nobody wins one of these things," said Philip D. Moore, GE's manager of employee relations.

# MAY COMBINE HORSE SHOW, LIVESTOCK EXPOSITION

HARRISBURG (AP)—The Pennsylvania National Horse Show and the State Livestock Exposition may be held jointly in the future. Maj. Gen. A. H. Stackpole, Harrisburg, president of the Horse Show Association, said Sunday a meeting to consider combining the two shows will be held shortly.

However, Stackpole stressed that the horse show—which had sparse crowds as a lone attraction last week—would be held in 1961 whether or not it is in conjunction with the livestock exposition.

ing Tuesday of the second show on the fall tour.

The U. S. team, with its veteran and skilled riders and a stable which its coach considers the best in the world, dominated the Penn national unit until the closing two nights. It won six events through the middle of the week until Venezuela, on Friday night, and Mexico, Saturday night, ended the run.

Ireland, after winning the opening night event, trailed off during the week. Canada, which made a habit of finishing runnerup to the U. S., won the third event so each foreign entry took away one trophy.

The United States was team champion and Frank Chapot of Wallpack, N. J., the individual champion. Canada finished second in team scoring, followed by Ireland, Venezuela and Mexico.

## BOMB ROCKS FERRYBOAT IN NEW YORK BAY

NEW YORK (AP)—A bomb explosion rocked a city ferryboat Sunday as it crossed New York Bay from Manhattan to Staten Island. There was no panic and none of the 100 passengers was injured.

The blast was the fourth in the city in three weeks. Three explosions occurred on Sundays, the fourth on a holiday.

The explosion was aboard the ferryboat Knickerbocker at 5:50 p.m. near the Statue of Liberty—10 minutes after it had left Manhattan for the 24-minute, 5-mile ride to Staten Island.

### BLAST HOLE IN DECK

The blast shattered several benches, blasted a two-foot wide hole in a deck, started a small fire and sent splinters flying.

Captain George La Rue, 64, said he felt a "terrific blast." He reduced speed and radioed the ferry terminal at Richmond, on Staten Island.

Hattie Roy, who works at the women's lunch counter, was going on deck when she was shaken by the blast. She turned and saw a "bit blaze and a lot of smoke," she said.

After the ferry docked at Staten Island, the exits were sealed and police questioned the passengers. A few hours later all had been released.

All the recent bombs have been crudely made, low-charge devices, ignited by a fuse. All were set in the late afternoon.

## QUADS MAKE DAD NERVOUS

DETROIT (AP)—"I'm still a little nervous," Gerard Guinnane remarked. "You see, I'm not used to this."

Few people are. His wife, Margaret Mary Guinnane, 30, gave birth to quadruplets Sunday. Hospital reports indicated all four boys were doing well.

Guinnane, 29, of suburban Highland Park, told reporters in his British accent: "I don't know quite what to say. I'm proud, happy and relieved."

He said he had to start thinking about things like cribs, diapers, bottles and other baby gear.

He makes \$98 a week at a machinery manufacturing firm.

### BORN MONTH EARLY

Doctors told the Guinnanes some time ago the wife was going to have quadruplets. She has been in Providence Hospital since Sept. 22. The quads were born about a month early.

They are Peter, 4 pounds, one ounce, Paul, 5 pounds 2 ounces, Vincent, 2 pounds 15 ounces and Gerard, 4 pounds, 11 ounces.

Dr. Joseph Watts said, "There were no complications. Things went just perfectly."
